Our meeting was as bad as it could be but,
Like Kuzure she's a manifestation of a tail of the disaster fox,
Koware,
Our parting was just as bad,
There were many twists and turns, but now we're living together,
But in the end, she has returned,
Happy about that.
And I'm truly,

...I am, however,

No, this isn't the time to be praising her.
Kuzure really does have the same ridiculous power as the disaster fox,
But thinking about it more,
First I gotta do something about
Otherwise my body and home won't last,
I gotta talk to her about it,
Lately her rivalry with Koware has made her go overboard,
NAOHITO.

Hey Kuz-ure!
Then... What should I do?
Hm...
Talk with Kuzure...
No,

Or should I dry myself off first?
And I have to clean up.
No, before that...
